MILWAUKEE: Thursday Morning, June 5.

Te See First and Fourth pages for Miscellany, Poetry & Advertisements. NEWS OF THE MORNING.

We have a condensed report of the doings lutions, if we can judge of them by the charac-POITER, of the right stamp—the delegates appointed true men-and the whole proceedings worthy of the freemen of Wisconsin. As there were to be 3 delegates from each district and 3 for each Sanator, we presume that the 13 delegates were equally divided among the districts. We have but little more from Cincinnati, the line being down, last night, in that direction.

We hear from Buffalo that the canal is at length in navigable order, and boats freely passing each way. This is good news to merchants, whose goods have been long delayed.

The Connecticut Legislature has chosen JANES Dixon to the U. S. Senate, in place of Mr. Toucer, one of the meanest of doughfaces. Mr. Dixon is right on the one issue of the day, in advance by the appointment of an energetic

and capable Chief Engineer. Parodi's Concert is announced for Monday evening next.

We have some particulars of the conduct of Atchison and his gang, at Lawrence, Kansas. A terrible stabbing case occurred at Madison

The Chacinnati Pro-Slavory Conven-

Our New York and Cincinnati exchanges come to us full of the speculations of editors and correspondents in relation to matters at Cincinnati. From their perusal one rises with a certain degree of certainty that he has learned but little, except the general impression of the writers that Pierce and Douglas, worn out tools of the South, must be thrown aside for a new man. It is asserted even that Gen. Cass is thought to be the only formidable rival to Mr. Buchanan,

We place no particular reliance upon these various speculations. Expecting no good from the Circinnati Convention, no sort of a nomination can disappoint us, unless it should be a man who has a spark of freedom in his soul-a drop of true and Haynau Jones of Kansas. Certain it is that Southern fire enter and apologist for Brooks, or a Northern doughface, satisfactory to such men and for Vice President, the man, out of the hund dreds of candidates, who as President of the Senate will be most willing to countenance ruf-

So much for that slander. But what of it?-Of course the News will never let its readers see the refutation; but, like its peculiar friends in ewerable.

THE MEASEST OF THE MEAN .- While some of the Northern democratic (*) papers apologize for, or chuckle over the brutal attack upon Sumner. some few of the Southern papers have the sense and courage to denounce it. The Louisville, Ky., Journal save: We repeat the expression of the hone that

however obnoxious Summer may justly be to the patriotic portion of the people of the United States, the House of Representatives will promptly expel Brooks, if the account of his assault upon the Massachusetts Senator shall prove correct. BEAVER DAN ELECTION.-The Beaver Dam Sentinel comes to us in a perfect blaze of cuts and capitals over the result of the charter election in that new city. The figures stand thus, according to its statement:

Beyond this-a temporary interval of diplomatic communication -it is hardly probable that the affair will be carried; and yet, with this unhappily convenient Central American question on our hands, the future must be looked for with some anxiety, though for one, I do not believe in any serious rupture between the two countries.

All this, however, is little thought of in comparison with the news we daily receive of the atrocities in Kansas, and the brutal assault upon Senator Sumner, whose condition for the past three days has excited serious apprehension on the part of his friends. Happily to day there is The Mil. & Beloit R. R. has made a good step a decided change for the better, and with quiet and care, the Massachusetts Senator may resume his place after the recess, when he will take the first opportunity to speak his mind and to speak it freely.

The Senate Committee having reported that they could do nothing beyond making a formal complaint to the House, the Investigating Committee of the latter have the whole matter in their hands, and it is undergoing a thorough ex-

amination. The testimony unites in confirming, in every important respect, the account given of the attack by Mr. Summer himself, and discloses in addition a premeditated plan, of and in which at least two other members of the House were cognizant, and infact participators. A more deliberately assassin-like and ruffian assault was never Buchanan has much the most strength, and that perpetrated, and the remedy proposed by the Committee, though not approaching even to the degree of punishment such a crime deserves, will stamp with ineffable disgrace the assassin and

This brought Wade of Ohio, to his democratic blood in his veins. The regular dem. feet, and the flash of his eye, the stern tones of ocracy hereabouts keep their hats loosely poised his voice, and the defiant terms in which he spoke on their heads, ready to fling them in the air, of the assault, of the atrocious doctrines avowed whoever is nominated, be it even bully Brooks upon the floor, and of his readiness, though in a minority of one to four, to meet the issue and for President, noman will be nominated but a ask no odds, come what might of it, electrified the house. You fain would live for them, but Death in all its solemnity is tugging at your heart-strings; there is no relaxation to his grip; you cannot shake off his hold; he has marked you for his victim. Gradually, friends, children and wife, slowly recede from your view; you gaze upon your wife and children, and your latest breath is a prayer to Him who guards and shields the widow and the orphans, and death has

But now that the trial is over, the verdict rendered, and the prisoner sentenced, we feel bound to state that under the evidence no other verdict could have been Lonestly rendered. The verdict was right, and for this reason, that the evidence showed, that Mr. Adams had done nothing to the prisoner that would have acquitted him of a common or even technical assault and battery, that he, Adams, had never even touched

He has had two fair and impartial trials—has been fairly prosecuted, without the least torturing of evidence to promote his conviction. He was defended by one of the ablest and most skilful counsel in the State, and one of great experience in crininal trials. Country merchants are beginning to learn that it does not pay as well to visit the scaboard cities, for the purpose of purchasing goods, as it formerly did, as manufacturer are opening ware houses at their own doors, and selling goods much cheaper, in large or small quantities, than houses at their own doors, and seining goods much cheaper, in large or small quantities, than they can procure them in New York or Boston.

The heart of all lovers of Freedom will be cheered by the aspect of the Republican Convention which assembled at Synacuse yesterday. A
more respectable body of men were never called
together by any political crisis in the history of
this State, and none ever evinced a more enthuthis State, and none ever crinced a more enthusisatic determination to maintain the great democratic principles of our Government, now so fercely and recklessly assailed by Ruffians in Congess and in Kansas, backed by all the power in the hands of the President and his Cabinet.— Men who have hitherto met each other only as the leaders of opposing parties were resterday seen upon the platform of that Convention, united in patriotic zeal to avert the dangers which threaten the liberties of the Republic. If there has been any doubt upon the subject hitherto, it is now settled that in the coming election the Empire State will be found with all the unanimity of Revolutionary times, on the side of Free speech in Congress, and Free labor and no civil war in Kansas. And may God speed the Right!

AN OUTERGEOUS SWINDLE,-We noticed in the Seatimal of yesterday under the head of Police Court th charge of two Farmers of Racine County, on a pattry of board and threw it neroes their wagon rack for a ceal. The care was disenteed, the warrant not returned; the Court fees were \$1, which were paid. The board belonged to U.B. Smith, who sends, or gets

THE SCIT AGAINST THE GAS CO .- HUBBAR FOR Dyer a few days since, before Albert Smith, Eq., and re-ported in the Soline is the time, has ented by the Cas Co. agreeing to pay the thanage, and costs.

The cleomatances of the case outside Court, were these:
Mr. Dyer moved into a dwelling house in which the former tenant had gas fixtures and burners, and had left the premises without paying the gas bill. Mr. Dyer wanted light, and requested the Gas Co. to turn on gas to his paemises—the latter refused to turn on the gas, stating that it was against their rules to let on gas in a building where there was a dobt owing them. The sail was then brought and judgmen rendered as before published. The plaintiff is Mr. Dyer, the Harness Maker and Sad-

PERMANENT GLOSS PAINT.

Important Improvement in Painting!

A PERMANENT GLOSS PAINT for InA terior work has long been a desideratum. All paints
prepared from Linseed oil, will rapidly farn from the lightset and most opposite tints to the yellow color of the oil
itself; the change being the more rapid as the paint is cricluded from the full light of day.

The subscriber, siter a satificiently long experience in its
use, can recommend it as the only Gloss Paint in which
this insportant defect is effectually remedied. This beautiful paint can be applied of any color, from the purest
white, resembling enamel or porcelain, to all the different
varieties of tints, suitable for private dwellings, Churches,
litele, &c., whilst in brillinary and richness of surface it
surpasses all other paints; it possesses superior advantagrain retaining permanently even the most delicate color
with which it is combined.
